

PRIMARY AND INTERMEDIATE READERS LIST GRADES PREK-4

By Judy Freeman

The titles on this list are all marvelous recently published read-alouds and read-alones, books that younger children, from preschool to grade 4, will enjoy hearing and reading over and over. Use the list for summer reading, for holidays, birthday parties, and other special day presents, and for all the kids in your life, not just your own!

If your kids are in the mood to read but you don't want to break the bank at the bookstore, don't forget to support your school and public libraries; librarians will go to the ends of the earth to get your kids reading. Most public libraries run wonderful Summer Reading Clubs each summer, with programs, prizes, and lots of reading inspiration.

NOTE: Books designated *S* are part of a series. Look for others in the series, too. The grade levels are listed as a general guideline, but are certainly not set in stone. If your children are reading longer chapter books, be sure to investigate the titles on the accompanying booklist for older readers, grades 5-8. For other stellar books to read, check out the many book reviews on www.READKIDDOREAD.com.
